

Reiter Public Forum Timber Sale Updates

December 2020

Motorized Area

- Two sold sales and one planned sale for layout in 2021.
 - Sky Rider Timber Sale (Sold February 2020) – Contract through 3/31/2022
 - One unit Variable Density Thinning (VDT) sale. Total volume 4,684 MBF.
 - Existing and planned ST, and ATV trails in the harvest area.
 - Timber harvest on-going with trail closures. Several instances of unsafe behavior and vandalism resulted in the need to close trails during weekends as well as weekdays.
 - Harvest work estimated to be complete in January, trail clean up and road grading to occur soon.
 - Sold value (MBF Scale): \$385.00 per thousand board feet (est. \$1,578,208 total)
 - Extravehicular Timber Sale (Sold August 2020) – Contract through 3/31/2023
 - One unit Variable Retention Harvest (VRH) sale. Total volume 1,666 MBF.
 - Near the upper vista site and will temporarily close access to that vista site during operations.
 - Road construction completed, right of way timber being hauled. No start date set for timber harvest.
 - Sold value (lump sum): \$347,617
 - Blue Dune Buggy Timber Sale (Planned)
 - Two unit combination VRH and VDT sale. Unit boundaries are still being finalized.
 - Field work has started.
 - No trails in the units, two units located adjacent to Forks of the Sky State Park.
 - Deer Creek communications tower construction
 - Construction is complete, some finishing work remains on site.

Non-motorized Area

- Two sold sales and two planned sales for auction in 2021. One planned sale for field work in 2021
 - Brushcrasher Timber Sale (Sold March 2020) – Contract through 3/31/2022
 - Three unit VRH and VDT sale. Total volume 5,243 MBF.
